The focus of the **8th edition** has been on **Compliance in a Changing World**.

The IPCAA Annual Seminar on Compliance - in cooperation with ETHICS - took place in Berlin, Germany on March 28 and 29, 2019. Over two days, an international audience participated in a multifaceted event that covered not only updates from EFPIA, IFPMA and MedTech Europe, but also explored new horizons, such as the impact of digitalization in compliance and increasing collaboration with patients.

Highlights

Here is a look at what transpired over these two eventful days:

Q & A

Over the two days, presenters had the opportunity to answer many questions posed by attendees. Due to time constraints, however, they were not able to answer them all during

the sessions. In the meantime, they have kindly taken the time to provide written answers.
